What is this product?

Type

This product is a share of an investment company qualifying as an undertaking for collective investment in transferable securities (UCITS).

Term

This sub-fund has no maturity date. However, the manufacturer may decide to close the sub-fund under certain circumstances.

Objectives

The objective of the sub-fund is to offer returns comparable to those of the money market or to preserve the value of the investment by investing primarily in euro-denominated money market instruments such as treasury bills or treasury certificates and/or or in short-term bonds denominated in euros.

LUX-PENSION Marché Monétaire invests its assets mainly in euro-denominated money market instruments such as treasury bills or treasury certificates and/or short-term euro-denominated bonds. The weighted average life (WAL) of the assets must not exceed 12 months. The weighted average maturity (WAM) of the assets must not exceed 6 months.

The sub-fund may hold ancillary liquid assets such as overnight deposits and/or term deposits denominated in euros. The sub-fund may invest in UCIs/ money-market UCITS pursuant to point III.2.A) .5) of the prospectus, provided that such investments remain below 10% of the net assets of the sub-fund.

The assets of the sub-fund invested as described above may consist for a minority of investments of issuers domiciled and/or listed in emerging countries, a portion limited to 10% of the net assets of emerging market-oriented UCIs/UCITS.

For the purpose of hedging, the sub-fund may also use all derivative financial instruments whose underlying interest rates, exchange rates, currencies or indices are representative of one of these categories and within the limits provided for in general part of the prospectus. It should be noted that derivative financial instruments are subject to higher volatility than the underlying assets.

Since 2 August 2019, the sub-fund has been classified as a Standard Variable Net Asset Value Fund (VLV) within the meaning of Regulation (EU) 2017/1131 of the European Parliament and of the Council of 14 June 2017 on money market funds and shall ensure that all the condi-

tions necessary for this classification are respected.

Benchmark: The portfolio is actively managed on a discretionary basis without reference to a benchmark.

Intended retail investor

The sub-fund is particularly suitable for an investor seeking capital security. It is particularly suitable for short-term investments. In addition, the sub-fund may be used within the framework of article 111bis LIR, as an underlying investment for pension savings plans.

Other information

Depositary: Banque et Caisse d'Épargne de l'État, Luxembourg

Dividend income: This class is a capitalisation class meaning that income is reinvested.

Conversion right: The investor has the right to convert his investment in shares in one sub-fund for shares in the same sub-fund or in another sub-fund. The investor can obtain information about how to convert in the prospectus of the fund.

Segregation: The assets and liabilities of a sub-fund are segregated pursuant to the law so that the commitments and liabilities of one sub-fund do not affect the other sub-funds.

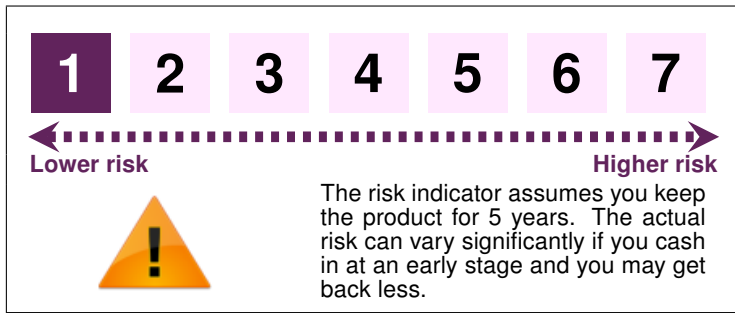

Additional information: Additional information about the fund, copies of its prospectus, the latest annual and semi-annual report and the latest prices of shares may be obtained free of charge from the management company or on www.spuerkeess-am.lu. The prospectus and the periodic reports are prepared for the entire fund and are available in French. The management company may inform you about other languages in which these documents are available.

This sub-fund was launched in 2002 and this share class in 2002.

The currency of the share class is expressed in EUR.

What are the risks and what could I get in return?

Risk indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 1 out of 7, which is the lowest

risk class.

This rates the potential losses from future performance at a very low level, and poor market conditions are very unlikely to impact our capacity to pay you.

Be aware of currency risk. You may receive payments in a currency that differs from your reference currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

The sub-fund is also exposed to the following materially relevant risks that are not included in the summary risk indicator: Liquidity risk, Counterparty risk, Operational risk.

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

Recommended holding period: 5 years

Example investment: 10,000 EUR

		If you exit after 1 year	If you exit after 5 years (recommended holding period)
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	9,540 EUR	9,540 EUR
	Average return each year	-4.6 %	-0.9 %
Unfavourable	What you might get back after costs	9,540 EUR	9,540 EUR
	Average return each year	-4.6 %	-0.9 %
Moderate	What you might get back after costs	9,580 EUR	9,290 EUR
	Average return each year	-4.2 %	-1.5 %
Favourable	What you might get back after costs	9,860 EUR	9,470 EUR
	Average return each year	-1.4 %	-1.1 %

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

Unfavourable scenario: This type of scenario occurred for an invest-

ment between September 2017 and September 2022.

Moderate scenario: This type of scenario occurred for an investment between January 2016 and January 2021.

Favourable scenario: This type of scenario occurred for an investment between December 2018 and December 2023.

The stress scenario shows what you might get back in extreme market circumstances.

What happens if Spuerkeess Asset Management S.A. is unable to pay out?

If we are not able to pay you out what we owe you, you are not covered by any national compensation or guarantee scheme. To protect you, the assets are held with a separate company, the depositary Banque et Caisse d'Epargne de l'Etat, Luxembourg. Should we default, the investments are liquidated and the proceeds are distributed to the investors. In the worst case, however, you could lose your entire investment.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding period we have assumed the product performs as shown in the moderate scenario
- 10,000 EUR is invested

	If you exit after 1 year	If you exit after 5 years
Total costs	431 EUR	769 EUR
Annual cost impact (*)	4.3 %	1.5 % each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 0.0% before costs and -1.5% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	2.5% of the amount you pay in when entering this investment.	250 EUR
Exit costs	1.0% of your investment before it is paid out to you.	98 EUR
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.7% of the value of your investment per year. This is an estimate based on actual costs over the last year.	73 EUR
Transaction costs	0.1% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	10 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this product.	0 EUR

A maximum conversion fee of 0.5% is charged for the conversion of part or all of the shares.

How long should I hold it and can I take money out early?

Recommended holding period: 5 years

You should be prepared to stay invested for 5 years. However, you can redeem your investment without penalty at any time during this time, or hold the investment longer. Redemptions are possible on each full bank business day in Luxembourg. In exceptional circumstances, your right to request the redemption of your investment may be limited or suspended.

How can I complain?

If you have any complaints about the product, the conduct of the PRIIPS Manufacturer or the person that advised on or sold this product, you can use different communication channels: by e-mail to compliance@spuerkeess-am.lu, by letter to Legal & Compliance Department, 19-21, Rue Goethe, L-1637 Luxembourg, by phone calling the number (+352) 26 895-90.
